Qualifications for Lateral Movement

If you have obtained the appropriate graduate credit hours to move on the salary schedule, complete and submit the application for lateral movement form with an official transcript by September 1st or the following business day.

With approval, you will receive notification of the adjustment. The pre-approval form should be completed and submitted for credit hours beyond a Master Degree in the year prior to seeking approval for lateral movement.

In addition, the District will provide a \$2,000 annual stipend upon completion of National Board Certification. The stipend will be paid with proof of certification annually for up to 5 years. The adjustment and certification will be done in conjunction with the established date for lateral movement.

\$2,000 will be paid as a lump sum each year at the completion of their contract for that year.
